Clerk: Ruth Davies

David Sullivan  
Planning Officer  
RBWM

19 May 2021

Dear David

**21/01248: Woodland Adjacent 82 Cedar Drive Sunningdale Ascot**

**(G1) Group of Mixed broadleaves abounding edge of boundary to copse and adjacent properties along Cedar Drive - Crown reduce back secondary growth of trees by up to 2 metres to previous pruning points. (TPO 3 of 2004).**

The Planning Committee considered this application at its meeting on 18 May 2021 and **objects** to this application primarily due to the lack of information provided by the applicant.

The works refer to a large expanse of trees, shown in the attached photos.

The Parish Council have concerns about the description of the work being requested. The applicant states '*prune back by up to 2 metres to previous pruning point*'. However, there is no previous application included in the Property History indicating a request for such pruning.

Although these trees are covered by a TPO, there is no reference to the specific trees (or groups of trees), their height, maturity, condition or even what varieties they are or their TPO references.

These trees sit on a boundary with the Green Belt.

With such a lack of information it is impossible to make an informed decision.

We ask that this application is **Refused** until better information is provided.

Yours sincerely

Yvonne Jacklin and Michael Burn  
Co-Chairs of the Planning Committee
