Foreign Pensions: Proof of Life and Residence

Many of you receive a pension from a foreign country, and struggle to find where you can gain the necessary verification to confirm your life and residence in the UK.

This is a service which the Clerk to the Council, as a Statutory Officer of Local Government can, and regularly does provide to residents.

We would ask that you always **book an appointment** and allow up to a week prior as there may be a limited number of appointments each week, but we will try to find a suitable time and date during our office hours.

As per the instructions on the Pension Form, you must bring:

- original documentation (copies will not be accepted) for us to verify your identity and address.

We require one type of documentation from a) to verify your identity and one type of documentation from b) to verify your address.

- Photographic I.D. - current valid passport, travel document, photo card driving license.
- Proof of address - current Council Tax Bill or any recent utility bill (no more than 3 months old), Bank statement/Building Society statement – these documents must contain your name and address.

Cost

We do not currently charge for this service.
