Sunningdale Christmas Lights

Due to the ongoing restrictions around COVID-19 and additional event management requirements, the council has decided not to organise the Christmas Event for 2021. However, the Lights will still be lit, lighting up the main shopping area.

Our Christmas Lights will be lit – remotely – from Friday 26 November until the 6 January 2022.

We hope you will still visit the many businesses in Sunningdale that usually support our Christmas switch on event, they will be pleased to see you and appreciate your custom.

New for the Recreation Ground

The council is working hard to add some further Christmas cheer – lighting the large fir tree in the car park – something that for many years before Health and Safety was Graeme Kennedy's winter task of climbing and lighting the tree. This year the council will bring in the professionals with all the hard hats required!

Dates for installation and switch on will be advertised on the council website, notice boards and Facebook page and on posters around the recreation ground.

Replacement accessible seating at the Recreation Ground

After a busy summer and early Autumn when the playground and facilities at our park were vital to families and residents, the council is pleased to have received a donation in memory of a local lady, Margaret Thucydides, of 3 new accessible picnic benches. These match the two existing benches which are always the first choice of visitors and we are sure they will be popular on the sunnier days of winter.
