

Safer Streets Proposal

In Sunningdale Parish, the Safer Streets proposal includes several initiatives which together will help make local streets safer for everyone.

1. Proposed 20mph in selective roads with vulnerable road users (see list and maps below)
2. “Gateway” signs upon entry to 20mph zones and 20mph markers within the zone
3. Improved summer maintenance of existing footpaths
4. Renovation of Bridleway / PROW from A30 to Coworth Park
5. Better maintenance of speed limit signs on A30
6. Improve safety of parking in vicinity of Pelican Crossing on A30 (near Dominos)
7. Actions to reduce vehicles crossing wrong side of Zebra Crossing on A30 (near Waitrose)
8. Pedestrian crossing on Rise Road close to proposed new Medical Centre
9. Traffic light-controlled access through Dry Arch Road to protect pedestrians and cyclists

In Sunningdale Parish Council, the core of the proposal are roads which received significant nominations from the community. These form, in the main, a clear integrated zone around the Old Village.

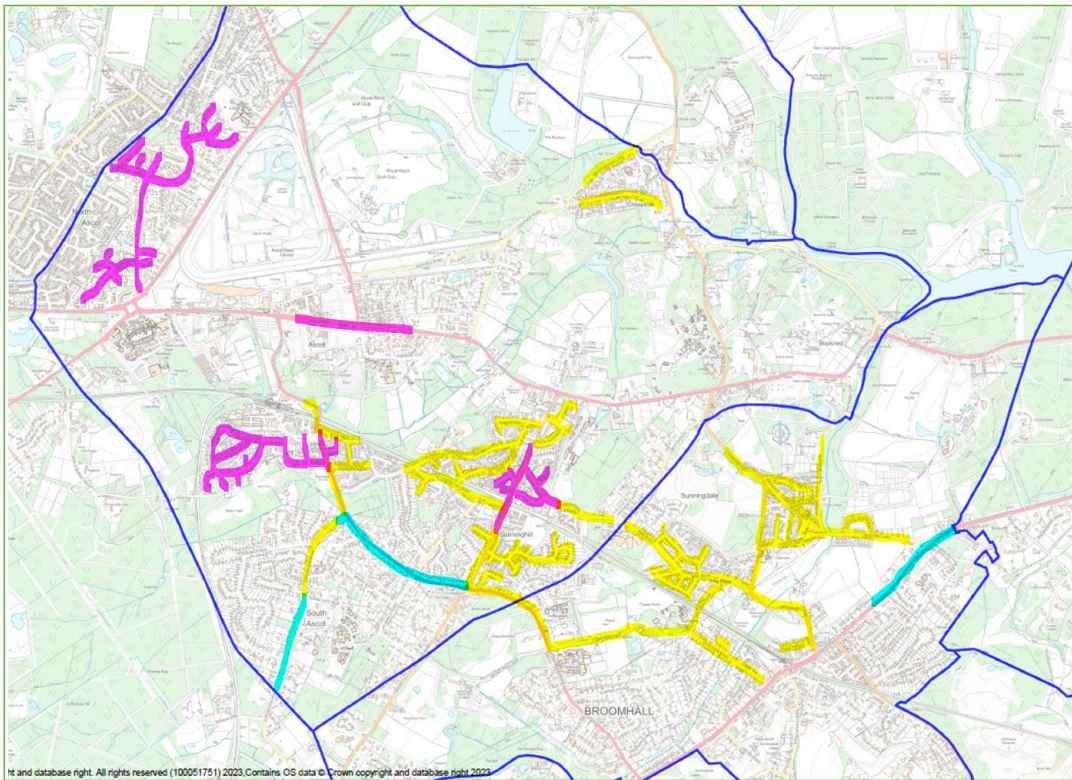

All the roads meet the following criteria:

- Narrow road and / or a narrow pavement or no pavement at all, despite a mix of vehicles and vulnerable road users.
- No alternative method of separating vulnerable road users due to the village environment with houses preventing creation of wider pavements.
- These roads connect and form the major routes to / from schools, churches, village hall, recreation ground, doctors’ surgery / new medical centre.
- For reasons of logic and simplicity as well as easier signage, roads fully enclosed by the roads noted would also adopt 20mph for simplicity to create a coherent cluster or zone, minimising speed limit changes and strengthening compliance.

The proposed 20mph roads are:

Bedford Lane	Kiln Lane	Cedar Drive	Beech Hill Road
Coworth Close	High Street	Rise Road	Galton Road
Whitmore Lane	Sandy Lane	Oakdene	Dry Arch Road
Coworth Road	Station Road	Park Drive	Charters Road
Dale Lodge Road	Parkside Road	Park Crescent	Woodby Drive
Dale Close	Church Road	Highfields	Devenish Road
Leacroft	Broomhall Lane	Lynwood Crescent

Proposed 20mph Roads

Bedford Lane	Cedar Drive
Coworth Close	Rise Road
Whitmore Lane	Oakdene
Coworth Road	Park Drive
Dale Lodge Road	Park Crescent
Dale Close	Highfields
Leacroft	Lynwood Crescent
Kiln Lane	Beech Hill Road
High St.	Galton Road
Sandy Lane	Dry Arch Road
Station Road	Charters Road
Parkside Road	Woodby Drive
Church Road	Devenish Road
Broomhall Lane	

After the final consultation in both parishes, the working group hopes to create consistency so there will be continuity in speed limits on roads, which cross from parish to parish, notably Devenish Road, Kings Road & Silwood Road.

Sunningdale Parish Council is now asking for final comments before submission of the final proposal to RBWM Highways Authority.

Should you wish to submit any comments you may have relating to this proposal, please click on the link below.
