Dear Toby

**23/01295/TPO: Heathermount Devenish Road Sunningdale Ascot SL5 9PG.**

**(T7) Scots Pine - reduce the long limb overhanging the cycle track by 2-4m, so post reduction this limb will be 4-6m in length. (T13) Common Lime - crown reduce by 2 - 3m to leave a height of 11m and a spread of 13m.**

Sunningdale Parish Council considered this application at the Planning Committee on 6 June 2023 and has a **concern** about the proposed tree reductions.

This application is for the tree reduction of a Scots Pine (T7) and a Common Lime (T13). (See diagram right.)

The application states that the trees proposed for reduction are TPO trees, but no Arboricultural Report has been uploaded to support this application. This is contrary to the RBWM application form which states that if a tree is diseased or you have fears that it might break or fall you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert. The applicant has answered YES to this question.

Sunningdale Parish Council request that RBWM obtain professional tree advice to examine the trees in some detail.

Sunningdale Parish Council asks that until additional information is received, **no decision is made** on this application.

Yours sincerely

Anne-Catherine Buxton  
Chair of the Planning Committee
