### FC 17/24 New financial regulations

A discussion was had, and the committee discussed the draft set of regulations that

were adapted from the NALC's new model financial regulations.

A few amendments are to be made as follows:

- 5.8/5.9/5.10 change the wording so that the word "will " is substituted for "shall."
- 5.9 To be amended so that it references £500 £5,000
- The Locum Clerk confirmed that she had checked that the new regulations and the old regulations were mapped accordingly so nothing was missed out, and anything else no longer relevant was removed.

**Resolved**That once these amendments had been made the regulationswere recommended to Full Council for approval

### FC 18/24 Grant Applications

No interests were declared in any of the grants listed below.

The committee discussed the applications and ways of working to support the process.

Actions from the discission:

- Create a document to support decison-making on CIL applications showing what projects have previously been approved for CIL funding. (Clerk)
- The CiL application form is to be amended to ask all the relevant information required for applications. Cllr Coxon will share the document she has been working on with the Cil working group. An introduction is to be added with a link to guidelines on the gov.co.uk website to support any applicants.

 Advise Full Council that there is no budget provision in the current year for Community Grants and recommend that £5,000 is drawn from the Playgrounds EMR (recently augmented by funding some 2023/24 playground work from CIL) and used to create funding in the current year for Community Grants.

The committee commented on the applications for the benefit of Full Council as shown below:

• Application for £2,000 Community Grant from Ascot District Day Centre

**Comment**: if funding is made available by virement from reserves then there would be funding available for this grant;

• Application for £30,000 CIL funding from Sunningdale Bowls Club

**Comment**: that more information about this application should be sought and that the Council should not decide upon it at this time;

• Application for £2,952.50 CIL funding for MAD Academy Outreach

**Comment**; this request may not meet the criteria to be funded from CIL and if Community Grant funding is made available by virement from reserves then there would be funding available to make this grant as a Community Grant); and

• Application for £1,036 CIL funding from the Sunningdale Village Hall Board of Trustees

**Comment**: this request may not meet the criteria to be funded from CIL but the council holds an EMR for work to the Village Hall and this grant could be funded from that EMR.

### FC 19/24 Review of fees and charges

Cllr Coxon declared a personal interest in the allotments as an allotment holder.

The committee went through in detail the current charges and fees.

Actions:

- Allotments Cllr Newman to investigate the requirement for a new fence with the facilities officer. It was recommended that the cost of an allotment be increased to £7.50 per pole.
- Cemeteries would look to increase for out of area residents possibly to three times the resident charge.
- Flat Stay as they are. Look to re-establish inspections on a regular basis. (Clerk)
- Community room fees to stay as they are.
- Tennis The working group would look at Tennis fees
- Car parking to be added to the budget sheet as not currently included.

### FC 20/24 First Draft budget

The locum Clerk shared the first draft budget for 2025/26.

The committee agreed that the salaries budget should be a single line on the budget and not split out over cost centres.

### The meeting concluded at 5.27pm

Dear

Sunninghill & Ascot Parish Council is keen to gauge interest in the possibility of extending RBWM's Public Right of Way, path no. 13 (featured on RBWM's Definitive Maps, no.25, copy attached).

In consultation with several councillors, path no. 13 has been identified as a key route linking the villages of Sunninghill and Sunningdale, crossing the parish boundaries; at present, this path ends around Lynwood Crescent. Previous investigations into extending the footpath, carried out in approximately 2007-08, deemed this unviable at the time, however the parish council is looking at this option again.

The attached maps show the existing footpath and the proposed extension, which could cross your land or pass close to the land where you are situated. The parish council would like to find out whether you would be interested in planning this path extension, and to see if we can work together for mutual benefit.

An extended footpath would encourage increased walking opportunities amongst the local population, to include walkers, cyclists and wheelchair users, and would encourage local residents to make fewer car journeys wherever possible. The increase in the local population over the next few years, as a result of large housing developments taking place in our parish, will also undoubtedly see higher numbers of people using the footpaths.

The parish council would be pleased to meet with you to discuss the project proposals further - please respond by writing to us at the address above, or by emailing <u>enquiries@s-a-pc.com</u>. Thank you and we look forward to hearing from you.

Yours sincerely

Clerk to the Parish Council

# Recreation Ground Working Group(RGWG) - meeting notes from 17/10/24

- 1. Attendees Cllr Morgan (RM), Cllr Buxton (ACB) & Cllr Grover (PG)
- 2. It was agreed that an agenda and subsequent minutes would be prepared for each meeting.
- 3. We recapped the scope of the Working Group Dog Friendly space, Adult Fitness, Parking, Splash Pad, Padel/Pickle Court, Chalet, Woodland Trail, Path to station and Rec. drainage and the general park environs.
- 4. A request for Tennis Working Group to feed their results/minutes into the Recreation Ground Working Group (RGWG). (ACTION PG)
- 5. It was decided that while the RGWG looks into and works on the overall layout of the recreation area, the temporary fencing for the "dog friendly" section (near the chalet) will be in place for the time being as will the "Health & Safety" fencing between the parking lot and tennis courts.
- 6. A Tree survey was undertaken this week resulting in 22 trees and 4 'half trees' to be felled before the end of November for Health & Safety reasons in the woodland area. 2 additional trees are under review pending the Bat Survey. A plan to rid the woodland of invasive species such as skunk cabbage and Himalayan balsam will be planned.
- 7. ACB will research whether the Woodland is designated as 'Ancient'. Also to validate if SPC received Pre-planning advice that indicated 'approval would not be reasonably withheld if conditions were met' for the Woodland Trail. Awaiting the feedback of the Bat Survey and Biodiversity report and any necessary re-planting requirements resulting from the installation of the 'Trail'.
- 8. Costings would be obtained for the Woodland Trail project, and/or a simple path with handrails to the station and/or an enhanced path featuring 'viewing platform' and gates for comparison purposes.
- 5 Survey questions would be added to the SPC to ask what residents want from the Park. RM will collate the 'Park specific' data from the resident engagement survey to feed into this Working Group'. RGWG can draft the 5 questions at the next meeting. (ACTION RM)

- 10. A large scale survey of the existing site and facilities will be commissioned to allow illustration/discussion of the further strategic direction of the recreation ground using the current park surveys as a base where possible. (ACTION RM)
- 11. PG to draft letter on behalf of the WI to send to SSE to reclaim the land next to their building for the purpose of extending the car parking including disabled parking. The electricity substation will have to be made secure. (ACTION PG)
- 12. The mini power hubs (near to the road crossing) need to be removed or relocated in the carpark once the ownership is better understood. (ACTION PG)

Date of next meeting TBA - PG will circulated some suggested options for a couple of weeks' time.

# Recreation Ground Working Group (RGWG) meeting notes from 07/11/24

Attendees – Cllr Morgan (RM), Cllr Buxton (ACB) & Cllr Grover (PG), Louise Steele (LS) Clerk

- 1. There were no apologies and no declarations of Interest and it was agreed that Mondays or Tuesdays would be selected for subsequent meetings.
- 2. We agreed to chase for an expanded CAD of the entire area under consideration by the RGWG. (RM)
- 3. We await the 'extraction' of the relevant questions from the resident survey relating to the Park. (RM)
- 4. The WI will be asked to formally request funding for any approved extension to the parking by SSE including the approval of the use of the additional spaces by SPC. (PG)
- 5. The relocation/removal of the electrical boxes for the mobile library and tennis court lighting will be progressed with the Facilities Officer. (PG)
- 6. It was agreed that the Woodland is not veteran or ancient. A final list of trees considered a danger is to be collated and bought to council for approval on 19 November 2024. We agreed, in principle, a designation of Zones 1 through 4 in terms of 'usage' and Red Amber and Green categorisation for health of the trees. With Trees in zones 1 & 2 and Red or Amber requiring immediate attention. (RM/LS)
- 7. Any trees that a designated for felling and are diseased will be removed from the site, the rest will remain in situ wherever possible.
- 8. We still await the results of the Bat Survey and Bio-diversity report before a final recommendation to council around the woodland walk can be made. This is anticipated in time for the December Council meeting. Any alternatives to the Woodland Walk would need to be fully costed and 'artists impressions' be available at the time of consideration by Council. (RM/LS)
- 9. We agreed to add Teen and adult play equipment to our, previously agreed, scope of this Working Group.
- 10. The date of the next meeting was agreed for 19 November 2024. The meeting room at the Pavillion is booked between 9.00am and 10.30am.

# Health & Safety Works to Trees

# Background

On 13 December 2022 this Council approved works to trees in the woodland south-east of the Recreation Ground with a budget provision of  $\pm 29,500$  for those tree works.<sup>i</sup>

It had been only relatively recently understood that the Parish Council owned the woodland in question and the council had sought to develop a project that would formalise the community's access to and use of the woodland, and enable the council to use Community Infrastructure Levy to help it fund its duties in respect of maintenance of the woodland. The project developed was a Woodland Walk.

The Woodland Walk project has progressed slowly and has stalled at Phase 4 while awaiting the outcome of a bat survey and 10% net gain biodiversity calculation. Upon completion of Phase 4 Council will consider whether or not to continue the project by making a formal planning application.

In the meantime the works to unsafe trees identified by survey in October 2022 have been delayed; but in October 2022 the arboriculturist's recommendation was that works should take place within one to two years (depending on the tree).

# Action Planned

Putting to one side the continuing uncertainty about whether the Woodland Walk project will ultimately proceed (and if it doesn't proceed whether a reduced project might replace it) the locum Clerk is of the view that health and safety works to unsafe trees in Zone 1 – i.e. where there is frequent public access to trees<sup>ii</sup> – should proceed immediately. For the purposes of this report Zone 1 is taken to include areas in proximity to Broomhall Lane, the Broomhall Recreation Ground and the footpath from the Recreation Ground to Sunningdale railway station.

Ten trees have been identified as being in Zone 1 and being dead or otherwise having structural defects. These ten trees are listed in the schedule circulated with this report and on the plan also circulated. The works to be undertaken are shown in the final column of the schedule and have been agreed in a meeting held on 11 November 2024 between the council's consultant arboriculturist and the locum Clerk. On 12 November 2024 the RBWM Arboricultural Coordinator confirmed that the council "may undertake works to the trees detailed in the 'Health and Safety Works to Trees' spreadsheet because they are dead and/or such works are urgently necessary to remove an immediate risk of serious harm, under Section 14 of the Town and Country Planning (Tree Preservation)(England) Regulations 2012".

A tree surgeon has been booked for the week beginning 25 November 2024. The booking was made in the summer of 2024 when officers were planning more extensive safety works to trees in pursuance of the December 2022 resolution.

# **Financial Implications**

The cost of the tree works was quoted at £5 - £6,000; the list of works has been significantly reduced since the original quotes were taken and it is anticipated the final costs will come in below the lower end of that range. Originally it was envisaged that the works would be funded from CIL but this cannot now be the case. However, the current financial year's budget includes £4,600 (funded by the precept) for maintenance of the woodland and £4,161 of this sum remains unspent. Further there is £1,080 budgeted for tree maintenance on the Recreation Ground and this sum is also unspent. Therefore the cost of the planned works can be contained within the existing revenue budget.

### Recommendation

The Locum Clerk recommends that Health & Safety works (as outlined in the schedule circulated with this report) to the ten trees identified in the schedule and map (also circulated with this report) proceeds immediately.

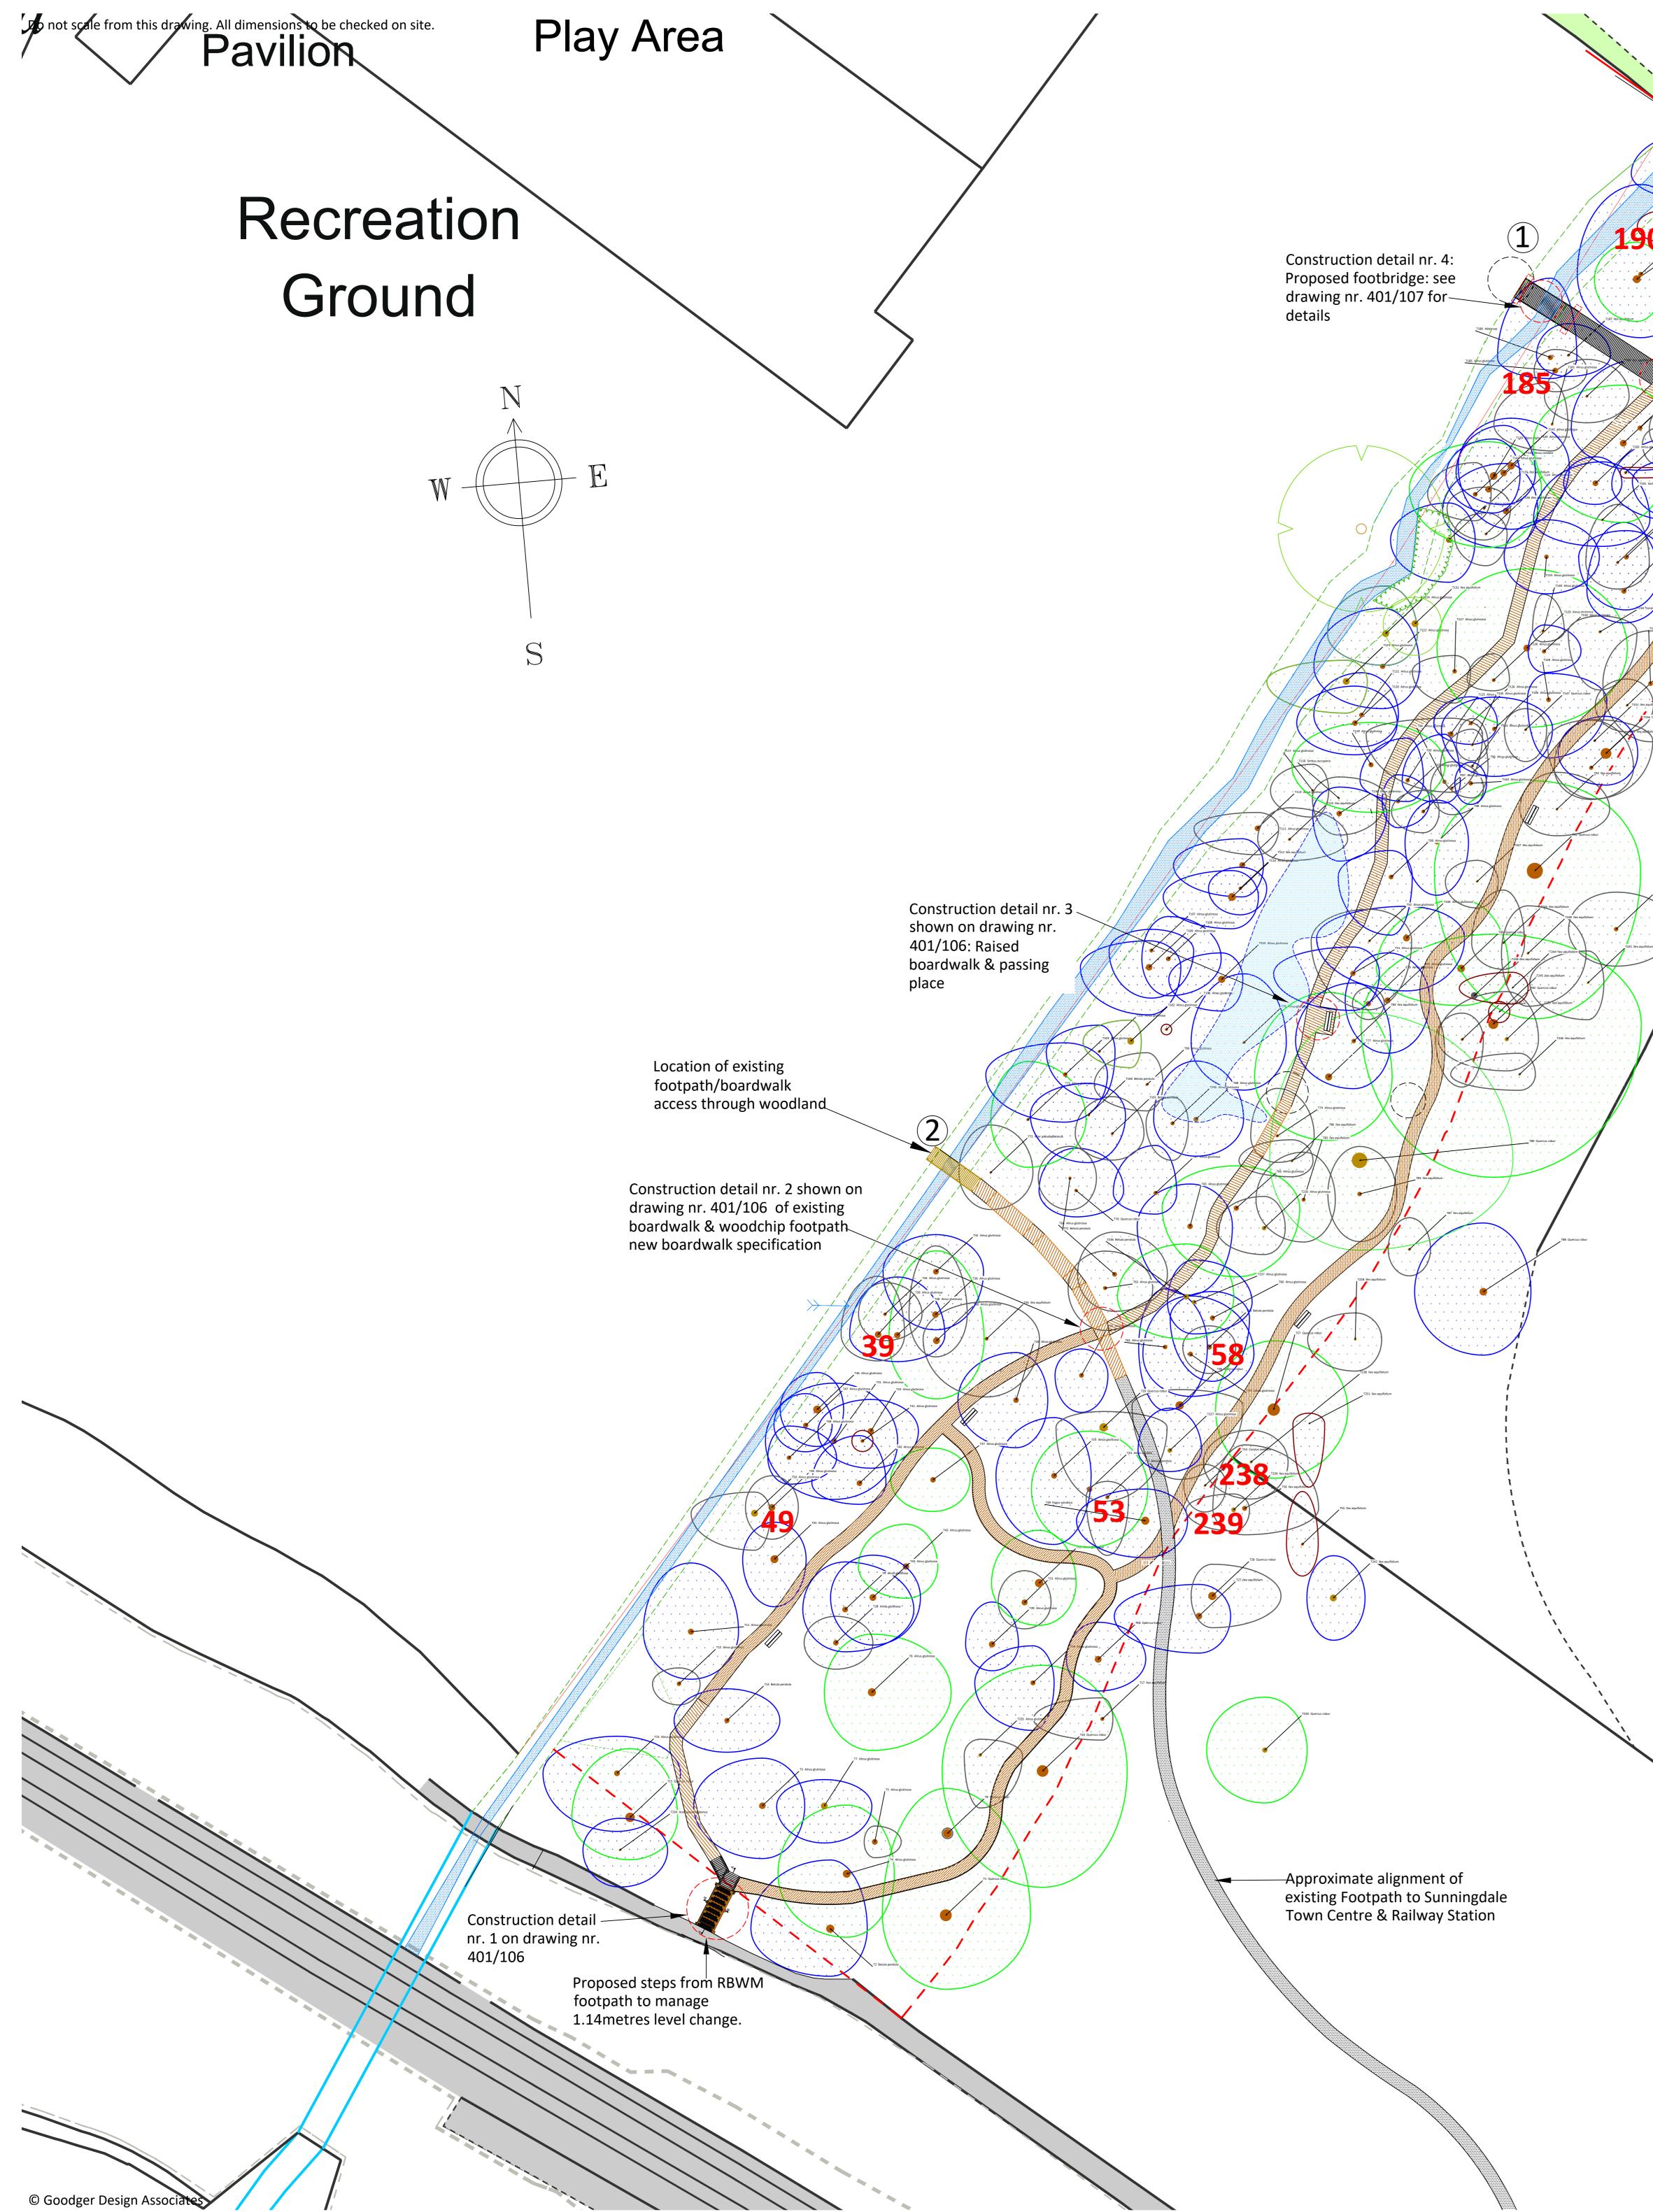

## Decision

Council is asked to agree that Health & Safety works to the ten trees identified in the schedule and map proceeds immediately

<sup>&</sup>lt;sup>i</sup> Minute 70 / 22 / 5 records that it was resolved "that the council approved the continuation of the business plan CIL project, COM2 – TPO Woodland Walk into phase 2 to include the work required to the trees identified for felling with a budget facility of £29,500 and to approve phase 3 of the project, Project Scope to provide a budget facility of £12,135 to planning determination. The total budget facility for this third phase of £41,635 (Excl VAT)

Sunningdale Parish Council The Pavilion Broomhall Lane Sunningdale SL5 0QS

9<sup>th</sup> May 2024

Dear Louise,

I write to you as a trustee of the Ascot District day Centre. The centre has been operating in Sunninghill village for nearly 50 years.

We bus members in daily, they have access to seated keep fit, Zumba, chiropody and hairdressing. They enjoy activities such as cards, puzzles, dominos, we have a bridge club on Fridays. We also offer free computer classes. Plus a home cooked 2 course hot lunch. For some of our members their trip to the day centre is the only opportunity they have to leave their homes and for some it is the only hot meal they receive in the week.

We rely entirely on grants, donations and fundraising events as we receive no local or central government monies. We employ 4 part time staff and have many volunteers.

I have completed your community grant application form but would like for you at Sunningdale parish council to consider a more regular form of donation. We cater for members from Sunninghill, Ascot the outskirts of Bracknell and Windlesham and on checking our records about 25% of our members at the present time live within the Sunningdale parish.

Although our only criteria is that members are 50 years of age plus, the average age is mid to late 80's with our oldest member being 101.

Last year our total costs were £126,000 so any help would be gratefully accepted.

Should you require further information please let me know.

If one of your councillors would like to join me at the day centre for lunch to see the service we offer please contact me and I will arrange.

Yours sincerely

Robert Ellison Chairman of the Trustees

# Background to funding request and supplementary Notes

#### Background.

Sunningdale bowling Club has been active in the village for over 100 years. The land on which it stands was formerly part of the Cahally Estate and was gifted to the club by Mrs Kruse to be developed as the club pleases; the only condition being that it may only be used as a bowling green or as a sports ground.

Lawn bowls is a low impact form of exercise that has considerable health maintenance properties as people age. We have several members in their eighties and have only this year lost our 94 year old member who has moved away from the area; he is still bowling. In summer months bowls is played in a green outdoor venue surrounded by tress and flowering shrubs. In the close season we play a form called Short Mat inside the clubhouse.

#### Current situation

We are a thriving club but are not able to accommodate members with physical disabilities. Our clubhouse is accessed via a flight of steps and we do not have disabled toilet facilities. Our car park is only partly hard paved and does not have a smooth surface; indeed we use part of our frontage that has no paved surface which whilst being possible during the summer months any rainy weather during the closed season months makes life more difficult and can result in damage to the grassy area. This is a particular issue when, during this part of the year, the area is used by the public as a suitable start point for local walks

#### Proposals

We want to make changes to our facilities so that we can accommodate members of the community with physical difficulties. This fits in with the Fit for the Future strategy of our national body Bowls England and our own views that bowls should be an activity that the whole population can derive benefit from. We have prepared a scheme of works that will provide disabled toilet facilities and suitable accesses to the clubhouse and have been advised that a suitable budget for the works is £30,000.

Special wheelchairs are available for those who are unable or find difficulty in walking. We would like to purchase such a wheel chair so that any wheelchair users who might be interested in the sport can try it out and hopefully join our friendly club. These chairs cost in the region of £1,200 and separate funding is being sought for this purchase.

#### Car Parking

Ideally our roadside car parking area which is used regularly by the public as well as club members and visiting players from other clubs should be provided with a smooth long lasting surface suitable for wheel chairs and be extended to the full extent of our frontage to reduce any nuisance to neighbouring properties. The total area involved is approximately 400 square metres and we have not identified a budget cost of this work as much will depend on a full technical investigation of the existing construction and the construction specification finally selected. We are also aware that the Council is about to create a public footpath from this land continuing north along Whitmore Lane.

We know that much of the area is compacted stone which is believed to be some 250 thick. A minimum specification would be to level off and grade the existing substrate filling any un-stoned areas and any depressions to produce a suitable profile and then the preparation of the surface to make it suitable for disabled access. Whatever final specification is decided upon it will need to tie in with whatever the Council decides to do. The area is regularly used by local residents as a parking place when they take walks in the area. We do not object to nor do we seek to formally restrict this use though it does cause problems when there are matches against visiting teams at the club. As the area is designated Adopted Highway then perhaps the Parish Council would consider using CIL money to improve this area particularly as the new footpath may increase public demand for car parking.

## MAD Academy Outreach – Supporting Statement – August 2024

Note: This statement is in support of a request for CIL Grant funding.

### The Project

MAD Academy is a fun and physical music and movement class which focuses on developing the child in a relaxed and free-spirited atmosphere. Extensive research demonstrates that music and movement really help babies and toddlers to develop their motor skills, physical co-ordination and confidence. For more detailed information about the origin and development of the MAD Academy concept please see p. 4-5 below.

The MAD Academy Outreach project is a joint initiative between Sunningdale Village Hall and Kate Lawrence. Kate has been running MAD Academy very successfully in Sunningdale (and other locations) for a number of years, and fully understands the value that it delivers to very young children. Sunningdale Village Hall is a charity with a commitment to supporting early years education and development in the heart of the community. Together they see an amazing opportunity to open up MAD Academy completely free of charge to a new group of children aged from 6 months to 4 years – this is the MAD Academy Outreach project.

### **Background & Justification**

Sunningdale is known as an area of outstanding beauty and lush greenery, within walking distance of Windsor Great Park, with good transport links, superb schooling and a wide range of leisure and sports facilities for all ages. Sunningdale is home to around 5,500 people – and some of them are conspicuously wealthy. What may be less well-known is that a number of residents are struggling financially and having to make very hard choices as a consequence of cost-of-living pressures.

Food banks, such as the Hope Church Food Share and the Food4Children charity based in Sunninghill (and also delivering to Sunningdale, Ascot and Cheapside), provide valuable support for struggling families. No-one would dispute that good nutrition is crucial for giving children the best life chances – but children also need the physical, mental and emotional stimulation that MAD Academy can provide. We know that when parents are struggling with basic household expenditure – food, rent, energy bills – paying for a music and movement class is out of reach.

In theory government funded schemes for Early Years should support these families. In practice they do not provide a full solution. From April 2024, eligible working parents of 2-year-olds have been able to access 15 hours of childcare support. By September 2025, most working families with children aged between 9 months and 5 years old will be entitled to 30 hours of childcare support. The hours can be used per week for 38 weeks of the year i.e. during school term time.

However, the Early Years Alliance - a registered educational charity representing 14,000 members and supporting them to deliver care and learning to over 800,000 families every year – has recently reported that nurseries and pre-schools are already struggling to meet the demand for new places required by the extended entitlement offer. By the time it comes into

full effect in September 2025, the situation will be worse and will limit access to early years benefits.

We believe that finding additional ways to support and enhance the development opportunities for very young children should be considered part of the essential village infrastructure. MAD Academy Outreach is a way to deliver proven benefits to struggling families and deserving children.

### How MAD Academy Outreach will deliver benefits

With grant funding in place we will be able to offer a free place to a maximum of 20 children, aged from 6 months to 4 years, to join a weekly class based at Sunningdale Village Hall accompanied by a parent, grandparent, carer, or sibling aged over 18. Classes last for approximately 45 minutes, mixed age groups work very well, and each class is a fast-moving mix of music, movement, singing, and dance. It's noisy and joyful - and the children sleep well after a class.

### Recruitment

We will recruit likely project participants by distributing vouchers which encourage parents to book their child into MAD Academy Outreach. We will use a variety of sensitive methods to identify the families and children we are aiming to reach. We will develop informal partnerships with local schools to contact the families who qualify for Pupil Premium, the local food shares who will distribute vouchers, and word of mouth rather than posters or leaflets. We have already held conversations with some of our proposed partners and received encouragement and support.

### Pilot Study

The aim is to run a 6-week pilot study in late 2024 to test the proposal and then review how it has worked and use feedback from participants to make any necessary adjustments.

### Programme

Starting in January 2025 we will launch the MAD Academy Outreach programme to run for 12 months. This comprises a weekly class of 45 minutes at Sunningdale Village Hall, taught by Kate Lawrence and following the existing model for MAD Academy. Kate has the necessary experience, equipment, insurance, and is DBS certified.

During the course of the year we will regularly evaluate take-up, participation, and feedback with a view to bidding for further funding to run MAD Academy Outreach in 2026. Having a proven track record for delivery will enable the project team to bid for further grant funding for 2026.

### Costs

We are bidding for CIL grant funding to cover:

- Room-hire charges at Sunningdale Village Hall £17.50 per hour at the regular hirer rate (45 minutes for each class plus 15 minutes to cover setting-up and closing down) for a total of 47 weeks (6 weeks in late 2024 and 41 weeks in 2025 based on RBWM school terms) = £822.50
- Kate Lawrence's charges £40 per hour for 47 weeks = £1,880
- Printing costs vouchers, MAD Academy Outreach leaflets explaining the concept = £250
- Design resource will be provided by Sunningdale Village Hall employees valued at £100 and **not** included in the grant funding bid.

# Total costs for both the pilot programme November – December 2024 and the full programme from January – December 2025 = £2,952.50

The intention is for the grant funding to be managed by Sunningdale Village Hall under Charity Commission rules, with the charity taking responsibility for disbursing and accounting for the grant, and reporting back to Sunningdale Parish Council on the outcomes.

# MAD Academy – Background behind the Concept

In 2002 MAD Academy founder, Helen Harrington, tried to find a music class to attend with her energetic little boy. She tried all the classes and groups she could find locally, but nothing suited. As a musician and music teacher, she wanted a class which introduced the very young to the joys of music, but she also wanted a physically active class where children were able to be children, i.e. be loud and move around and be stimulated. She also wanted a class that would benefit her son and help him grow and develop through those important first years of life. And finally, as a working mum, she wanted to share a special fun time with her little boy each week where they could relax and laugh together and continue to build their special bond.

Despite the fact that this was what many parents wanted out of a weekly class, Helen couldn't find anything on the market which met these simple needs. So she decided to create her own and MAD Academy was born!

At its heart was a fun and physical music and movement class which focused on developing the child in a relaxed and free-spirited atmosphere. And this is what has become the ethos of every MAD Academy class ever since.

# **MAD Academy Ethos**

MAD Academy classes are known for their:

- Musicality
- Physicality
- Development and learning
- Relaxed and free-spiritedness

### **Musicality**

At its very heart, MAD Academy is a music class. Classes are full of music from start to finish and cover a wide range of genres. Our songs and dances encourage children to enjoy music and to learn to sing, and express themselves, through music. Many of our learning activities teach children through the medium of music or use music to signal the learning and get children's attention.

We aim to introduce children to a wide range of nursery rhymes and songs. Many of these are traditional and an important part of our cultural heritage. Others are more modern and we also create and use lots of our own brand-new songs and music in class. We aim to widen children's musical awareness and so include many other genres of music throughout our classes, particularly in our warm-ups and in the music, we choose to accompany many of our activities.

### **Physicality**

**C**hildren need to be physically active. We do not believe it is right that young children should be required to sit still for long periods of time and we encourage children to move as they feel necessary. Most of our activities allow children to move, run, skip, dance and enjoy the freedom to move. Although there are some activities which are sedentary, these should be kept short and while children may be encouraged to sit, they should be free to wriggle and move if they are not yet capable of sitting still. Other activities are designed to be highly active and encourage children to enjoy physical exercise.

### **Development and Learning**

Each element that makes up a MAD Academy session is designed to be stimulating and fun for both children and parents/carers. They are also intended to develop the children. Music and dance have powerful benefits for a child's physical and intellectual growth and everything we do in class has a specific developmental objective. MAD Academy prides itself on this focus on development and believes it differentiates us from many of the other music classes on the market.

### **Relaxed and Free Spirited**

Relaxed and free spirited – classes should always be a fun time for parent and child. Young children can be temperamental and not every child will be willing to join in with every activity every time. Also every child will have different needs and will respond to classes in different ways. This is absolutely fine. No child or parent should feel uncomfortable about the fact that they don't want to participate at that precise moment. Similarly if a parent needs to change a nappy or feed their child, they should feel happy and relaxed about doing so. While we are trying to encourage children to participate and to behave appropriately, we must allow young children to be young children!

### **Objectives**

- Have Fun!
- Help Develop Children
  - o Help the children build confidence and develop social
  - Help children make the most of the learning opportunities offered by our class activities
  - Celebrate successes and learning, however small and build children's selfesteem
  - Support parents in the development of their children either in class or at home through advice and ideas.

# Sunningdale Village Hall

Sunningdale Parish Council The Pavilion Broomhall Lane Sunningdale SL5 OQS

22 September 2024

To: Councillor Robert Morgan & Councillor Martin Penney cc: Louise Steele, Locum Clerk to the Parish Council

**By Email Only** 

Dear Councillor Morgan and Councillor Penney,

Re: Application for funding of exterior works at Sunningdale Village Hall (French drains)

Please find attached an application for a CIL Stakeholder Grant to contribute to meeting the cost of reinstating French drains along exterior walls of the village hall. In her correspondence to you on 16 September 2024, Julia Chester outlined the background to the need for this work to be undertaken. However, should any further information on this be helpful for the purpose of you considering the request for funding, please let me know.

We are applying for CIL funding as we note the explanation on the Parish Council's website that:

The CIL Regulations 2010 (as amended) state that the Parish Council must spend the CIL income they received from the Borough Council on:

 The provision, improvement, replacement, operation or maintenance of infrastructure;

It is our understanding that the village hall amounts to "infrastructure" in this context and that, accordingly, our proposed work meets the requirement of being "maintenance of infrastructure".

Yours sincerely

- 16.2. The RFO shall ensure that an appropriate and accurate Register of Assets and Investments is kept up to date, with a record of all properties held by the council, their location, extent, plan, reference, purchase details, nature of the interest,

tenancies granted, rents payable and purpose for which held, in accordance with Accounts and Audit Regulations.

- 16.3. The continued existence of tangible assets shown in the Register shall be verified at least annually, possibly in conjunction with a health and safety inspection of assets.
- 16.4. No interest in land shall be purchased or otherwise acquired, sold, leased or otherwise disposed of without the authority of the council, together with any other consents required by law. In each case a written report shall be provided to council in respect of valuation and surveyed condition of the property (including matters such as planning permissions and covenants) together with a proper business case (including an adequate level of consultation with the electorate where required by law).

No tangible moveable property shall be purchased or otherwise acquired, sold, leased or otherwise disposed of, without the authority of the council, together with any other consents required by law, except where the estimated value of any one item does not exceed £500. In each case a written report shall be provided to council with a full business case.

#### 17. Insurance

- 17.1. The RFO shall keep a record of all insurances effected by the council and the property and risks covered, reviewing these annually before the renewal date in conjunction with the council's review of risk management.
- 17.2. The Clerk shall give prompt notification to [the RFO] of all new risks, properties or vehicles which require to be insured and of any alterations affecting existing insurances.
- 17.3. The RFO shall be notified of any loss, liability, damage or event likely to lead to a claim, and shall report these to [the council] at the next available meeting. The RFO shall negotiate all claims on the council's insurers in consultation with the Clerk.
- 17.4. All appropriate members and employees of the council shall be included in a suitable form of security or fidelity guarantee insurance which shall cover the maximum risk exposure as determined [annually] by the council, or duly delegated committee.

#### 18. Suspension and revision of Financial Regulations

- 18.1. The council shall review these Financial Regulations annually and following any change of clerk or RFO. The Clerk shall monitor changes in legislation or proper practices and advise the council of any need to amend these Financial Regulations.
- 18.2. The council may, by resolution duly notified prior to the relevant meeting of council, suspend any part of these Financial Regulations, provided that reasons for the suspension are recorded and that an assessment of the risks arising has been presented to all members. Suspension does not disapply any legislation or permit the council to act unlawfully.
- 18.3. The council may temporarily amend these Financial Regulations by a duly notified resolution, to cope with periods of absence, local government reorganisation, national restrictions or other exceptional circumstances.

#### Appendix 1 - Tender process

- 1) Any invitation to tender shall state the general nature of the intended contract and the Clerk shall obtain the necessary technical assistance to prepare a specification in appropriate cases.
- 2) The invitation shall in addition state that tenders must be addressed to the Clerk in the ordinary course of post, unless an electronic tendering process has been agreed by the council.
- 3) Where a postal process is used, each tendering firm shall be supplied with a specifically marked envelope in which the tender is to be sealed and remain sealed until the prescribed date for opening tenders for that contract. All sealed tenders shall be opened at the same time on the prescribed date by the Clerk in the presence of at least one member of council.
- 4) Where an electronic tendering process is used, the council shall use a specific email address that will be monitored to ensure that nobody accesses any tender before the expiry of the deadline for submission.
- 5) Any invitation to tender issued under this regulation shall be subject to Standing Order 21d and shall refer to the terms of the Bribery Act 2010.
- 6) Where the council, or duly delegated committee, does not accept any tender, quote or estimate, the work is not allocated and the council requires further pricing, no person shall be permitted to submit a later tender, estimate or quote who was present when the original decision-making process was being undertaken.
